This interview on Swiss health television QS24 is titled: "The Nightmare with Technical Alkaline Water - Ionized Water". The interview partner is Dr. Eng. Dr. med. Jordan Petrow, head of the Academy for Science and Research at the University of Rostock. He has over 40 years of experience as a physician and engineer. Dr. Petrow holds a doctorate in technical sciences, specializing in systems theory, is a certified physician, a practicing doctor, holds a doctorate in medicine, is a specialist in physiology, and is the author of two additional doctoral dissertations and the author of a New Theory of Blood Circulation. He trains physicians in advanced healing arts. One of the most well-known manufacturers of ionized alkaline water devices had asked Dr. Petrow for his "blessing" for his devices. In the interview, Dr. Petrow substantiates his firm stance against the consumption of artificially ionized alkaline water.

Business idea alkaline water

It's good.
**to be truu.**
